

HOPE HERITAGE HONOREE

The American Cancer Society's Hope Heritage Award is given out annually to recognize the accomplishments, ongoing actions and generosity of a company that has gone above and beyond to help further the important work of the American Cancer Society.

This year, we honor WAXIE Sanitary Supply for exemplifying true dedication to the mission of the American Cancer Society and supporting our fundraising efforts in San Diego County.

At WAXIE Sanitary Supply they are passionate about more than just helping their customers find the right solutions to all of their sanitary supply needs. They are also committed to giving back to the community, and the fight against cancer is something that touches us all.

WAXIE is a flagship sponsor in the American Cancer Society's *Making Strides Against Breast Cancer* event, which raises money for cancer research. They started out small in 2007 when 18 employees and their friends & families from their Corporate Headquarters/San Diego division raised a total of \$8,394. Today they have grown to over 300+ employees and their families walked raising a total of \$90,000!

In 2019, all WAXIE locations participated in local Making Strides Against Breast Cancer walks. After years of commitment and community, WAXIE is approaching the 1 million dollar mark with donations to the American Cancer Society.
